**Description:**

This best-selling reader is designed to transition students from reading highly controlled elementary-level materials to appreciating authentic literature. Written primarily in the twentieth century by authors from Spain, Latin America, and the United States, the 31 short stories in ALBUM appear in order of increasing difficulty. Many features, including generous notes and glosses and a range of varied activities, aid comprehension, encourage oral and written self-expression, and promote cooperative learning, as well as critical thinking about the selections.
