#### Description:

**From Publishers Weekly** Attempting to capture the participants' psychological states, Persico recreates the war crimes trials of 1945-1946.

Copyright 1995 Reed Business Information, Inc.

**From Library Journal** Persico offers not the history but the story of the trial of Nazi Germany's major war criminals. He is concerned less with legal issues and courtroom procedures than with a fundamental question: Did it all matter? His answer is mixed. While the tribunal's validity remains debatable, to demand perfection from the institutions of justice is to deny justice itself. Persico

demonstrates that Nuremberg was not a kangaroo court; the defendants had their choice of attorneys and full access to the prosecution's documentation. If individual verdicts may be questioned, no saints or statesmen lost life or freedom. The trial demonstrated beyond question Nazi Germany's crimes and destroyed beyond hope any Nazi martyrology. Arguably, it helped lay the grounds for Germany's eventual democratic reconstruction. The Nuremberg proceedings may not have deterred later aggressors, but they at least established a precedent for law that supersedes national sovereignty. This well-written, well-researched volume belongs in all collections on World War II.

*D.E. Showalter, U.S. Air Force Acad., Colorado Springs*
