## **Description:**

When a drug deal goes bad, Trent, a drifter and former Marine, flees into the dense forests of Virginia's Blue Ridge Mountains. Weeks later, the starving fugitive returns to find the world around him ravaged by a mysterious illness.

After a brutal gunfight with a hostile stranger and a trek through an abandoned, corpse-littered neighborhood, Trent is left with more questions than answers. He happens across a young woman named Emily who offers shelter in her deceased father's home.

Believing themselves to be immune to the deadly virus, the two survivors form a tenuous bond. However, Trent and Emily will be put to the test as they encounter vicious enemies lying in wait at every turn.

They will soon discover that nothing is what it seems and that survival is far from certain.
