Description:

The 5 Languages of Appreciation in the Workplace: Empowering Organizations by Encouraging

People, by Gary Chapman and Paul White, applies the love language concept to the workplace. This book helps supervisors and managers effectively communicate appreciation and encouragement to their employees, resulting in higher levels of job satisfaction, healthier relationships between managers and employees, and decreased cases of burnout.

Ideal for both the profit and non-profit sectors, the principles presented in this book have a proven history of success in businesses, schools, medical offices, churches, and industry. Each book **that has not been previously used** contains an access code for the reader to take a comprehensive online MBA Inventory (Motivating By Appreciation)—a \$15 value.

The inventory is designed to provide a clearer picture of an individual's primary language of appreciation and motivation as experienced in a work-related setting. This assists managers and supervisors in communicating effectively to their team members, and thus building a more positive and productive work environment.
