Description:

ASQ's brand new Six Sigma Green Belt Certification is here - and this is the book to help prepare! This latest entry in ASQ's popular series of handbooks explicitly follows the certification's Body of Knowledge and addresses each topic to exactly the level Green Belts need. From lean and project management to statistics and data analysis, the DMAIC process is explained in a clear and insightful manner. Figures, tables, references, useful appendices, and a full sample test only add to this book's comprehensiveness.
