Description:

For over two decades *Tonal Harmony* has been the leading text for the two-year theory curriculum for music majors. Used at nearly 800 schools, *Tonal Harmony* has been consistently praised for its practicality and ease of use for student and instructor alike. The straightforward approach is supported by well-chosen examples and thoughtful exercises, and the total presentation is compatible with differing teaching styles and theoretical points of view. In addition, students can purchase a CD of recorded examples for use with the textbook, while audio examples for the

workbook are available for download as MP3 files. For instructors, an extensive Instructor's Manual is available and rounds out this comprehensive teaching package.
